Internet: [www.lc2007.ch](http://www.lc2007.ch)

*37<sup>th</sup> Annual ESDR Meeting* on **September 5-8, 2007** in Zurich, Switzerland. Inf: [www.esdr.com](http://www.esdr.com)

## Forum for Nordic Dermato-Venereology Editor's Clarification of Letter on Subscription Issues Circulated with the February 2007 number of Forum for Nordic Dermato-Venereology

The circulated letter by the chairman of the Society for the Publication of *Acta Dermato-Venereologica* might possibly be misunderstood. It is confirmed to readers and companies advertising in the *Forum for Nordic Dermato-Venereology* that dermatologists in the Nordic countries will receive the paper version of *Forum for Nordic Dermato-Venereology* routinely as they use to do. The package of *Forum for Nordic Dermato-Venereology* (paper and on-line versions) and *Acta Dermato-Venereologica* (on-line version only) remains being freely available to every Nordic dermato-venereologist through the courtesy of a group subscription from his/her National society. This is independent of any subscription on the paper version of *Acta Dermato-Venereologica*.

**Jørgen Serup**  
Chief editor
