

Dear Sir/Madam,

Lipidor AB is active within the field of topical medication. We are performing a survey among the members of ND-V in order to learn more about your views on topical treatment of psoriasis. We would greatly appreciate your participation in the survey. Many thanks in advance. Deadline Maj 31, 2015. Below you can see the questions but you need to answer this online by going to the following link: <https://www.surveymonkey.com/s/C2XQ6WB>

Anders Carlsson, PhD, CEO
Lipidor AB

This survey is directed to doctors prescribing topical medicaments for treatment of psoriasis. If you are prescribing this kind of preparations, we would be very grateful if you could complete the survey, which totally consists of eight questions.

***1. What is your role or function?**

- General practitioner
- Dermatologist, working mainly in hospital
- Dermatologist, working mainly in private practice
- Other (please specify)

***2. In which country do you work?**

***3. Approximately how many unique psoriasis patients are you prescribing topical products for each year?**

***4. Which type(s) of topical formulations are you mainly prescribing?**

- Cream
- Ointment
- Foam
- Spray
- Other (please specify)

***5. Considering topical treatments for psoriasis, please indicate how important you find these characteristics.**

| | 0 Not important | 1 | 2 | 3 | 4 | 5 Very important |
|--------------------------------------|-----------------------|-----------------------|-----------------------|-----------------------|-----------------------|-----------------------|
| Easy to apply | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |
| Minimal need to rub it into the skin | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |
| Cosmetic properties | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |
| Minimal greasiness | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |
| Non-irritating | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |
| Efficacy | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |

6. Considering how you would like to see a future product, please rank the following characteristics in order of importance

 Minimal greasiness
 Easy to apply
 Minimal need to rub it into the skin
 Non-irritating
 Moisturizing effect
 Efficacy
 Emollient effect

7. Imagine a future ideal dosage form for topical treatment of psoriasis. How would you describe it?

8. Additional comments, e.g any unmet needs in the topical dermatology field or feed-back on the survey

Thanks for your participation!
