Do you want to become a Guest Editor in Forum?

I would like to invite you to become a Guest Editor in Forum! For at least two of the issues next year as well as in the forthcoming years, it would be interesting to let someone else handle the content. Make plans for themes, invite authors, plan the content. Are you interested, please let me know. See ad on page 3!

This issue is full of good stuff:

- An educational review on Skin ageing
- Continuation of the series with Reports from the University clinics regarding their research
- Dissertations; one on Skin microbiome, and one on Atopic dermatitis
- Case reports; one on BACM, and one on Periocular hair growth

Furthermore we have a report on personal experiences from working in New Zealand, as well as the experiences from doing the European Board Examination.

Of course you also will be able to find a quiz and the CME to test yourself.

Please enjoy!
