19 - 23 January 2020

1ST GLOBAL CONGRESS ON EPIDERMOLYSIS BULLOSA

Message from the Congress Chairs

We look forward to welcoming you to London in January 2020 for the first global congress on EB. This ground-breaking meeting will, for the first time, bring together all global knowledge in EB research, clinical management and the EB community.

This pooling of state-of-the-art knowledge across the key stakeholders will not only give guidance to the professionals involved in EB, but also help in the development of strategies for the research, regulatory, funding and healthcare communities.

Earlybird registration will open later in 2018 but we would be happy to hear from you before then. Please visit this page for regular updates on the committees and programmes.

Professor Jemima Mellerio

St John's Institute of Dermatology, Guy's & St. Thomas' NHS Foundation Trust, London

Professor Jouni Uitto

Department of Dermatology and Cutaneous Biology, Thomas Jefferson University, Philadelphia

Congress Organiser

Global EB Alliance
